

## Phonetic Drop Quotes Two

The phonetic symbols above the grid go in the blank spaces of the columns directly below them (↓), but not necessarily in the order in which they appear. Put the phonetic symbols in the proper spaces below them in order to form words which can be read from left to right (→). A black square will show where each word ends. When you have put the phonetic symbols in their correct spaces, you will be able to read the phonetic transcription of a famous quote which you should then write out on the line below the puzzle.
